Ma'am,

RFI FBTX-19: Dig Permits: Understand DPW will submit dig permits prior to excavation. How will this process to be initiated and coordinated? -

My understanding is the LOGCAP is the project owner and they will submit a PA for approval and then LOGCAP will coordinate the dig permit for the parcel. DPW will help coordinate reviews in order to expedite the process, but the LOGCAP owner is responsible for building the dig permit and obtaining signatures to approve the digging.

More to follow.

Yours,

(b)

Sir -

Attached is a list of RFIs from our LOGCAP performance contractor which may impact their support plan for DHS/HHS. Responses will also enable us to formulate a more accurate ROM for the effort. Anything you can get back to us this week would be appreciated.

Thank you
